

Protection Suite

Catch threats and disruptions *before* they turn into lost revenue.

Know when your Shopify store isn't operating as it should be, so you can intervene and recover quickly.

Protection Suite is Rewind's total security and assurance solution for Shopify stores.

The Protection Suite enables you to detect and recover from unwanted changes on your online store. Ensure your store is always open for business with the only Shopify app that provides complete store protection, beyond just backups.

monitor

Be the first to know about downtime and site errors with automated store monitoring. Rest easy and stop wasting time on manual QA.

alerts

Get alerted to bulk changes to your products. Catch mistakes as they happen—and before they affect your bottom line.

backups

Automated, real-time backups and granular data restores on demand. Easily recover and restore data in your Shopify store in just a few clicks.
